

# Behaviour Support

## 1:1 Support

Do you have funding for Behaviour Support in your NDIS plan?

Behaviour Support is provided by our tertiary qualified Developmental Educators (DE), who can support individuals aged 7+ at home, in school, our Hub or at a location that best suits you with services such as:

- Therapy through skill development
- Tailored support plans (Positive behaviour support)
- Goal planning
- Developmental resources, tools and visuals.
- Developing/Maintaining healthy relationships (including sexual health and education)
- Supporting the enhancement of daily living skills
- Positive interpersonal skills
- Community inclusion (accessing the community, transport training)
- Transition support into a new home, social or education setting
- Review and reduction of restrictive practices
- Emotional regulation skill development
- Conducting Functional Capacity Assessments, such as ABAS-3 and Vineland-3

Our team, supported by a senior clinical supervisor, specialise in working with kids youth, and adults with schizophrenia, people with Autism Spectrum Disorder and Acquired Brain Injuries and working with young people to transition out of care.

## Here's what you need to know

Age requirements	<ul style="list-style-type: none"><li>• For ages 7 years and older</li></ul>
Ratio of Support	<ul style="list-style-type: none"><li>• Support is at a 1:1 ratio</li></ul>
Hours of service	<ul style="list-style-type: none"><li>• Available Monday to Friday (8:30am - 5:30pm)</li><li>• Other times can be explored as required</li></ul>

# Meet Our Developmental Educators

## Megan

Megan is a Senior Developmental Educator (DE) who started her career as a Student Support Officer and mentoring people with disabilities. Megan's passion is supporting people with disabilities to develop their social and emotional skills and specialises in working with young adults, people with Schizophrenia, people with Autism Spectrum Disorder and working with young people to transition out of care.

## Stefania

Stefania is registered as a Behaviour Support Practitioner with the NDIS Commission and a qualified Developmental Educator with Developmental Educators Australia Inc (DEAI). Stefania focuses on improving people's quality of life through skills development and behaviour support. Her specialities include working with adults, people with dementia, and people living in aged care.

## Zac

Zac began his career as a School Leaver Employment Supports (SLES) Case Manager before completing his degree in Disability and Developmental Education. Zac is passionate about working alongside people to improve the overall quality of life and increase people's accessibility across all areas to achieve their goals. His specialities include working with young people, people with Autism Spectrum Disorder and people with Acquired Brain Injuries.

## Bethany

Bethany is a Behaviour Support Practitioner and Social Worker with a passion for supporting people with disabilities to develop their emotional regulation and social skills and specialises in working with children and young people, people with Autism Spectrum Disorder, people with a lived experience of trauma and people with genetic conditions. Bethany is registered as a Behaviour Support Practitioner with the NDIS Commission and is a qualified social worker with the Australian Association of Social Workers (AASW).
