

Short-Term Accommodation

Are you a caregiver or parent of a disabled person looking for a well-deserved break?

We understand that caring for someone can be a full-time job, and sometimes you may need additional support while your usual support system is unavailable.

Our STA properties, also known as respite, are designed to be accessible and inclusive, providing a wonderful home away from home for adults with disabilities who want to take a break from their daily routines and try new things, or maintain their current living situation.

When you choose to stay at one of our STA sites, our highly trained staff will be on hand to assist with daily living activities such as personal care, meal preparation, medication administration, and behavioural support. We tailor our services to meet your specific needs so you can have an enjoyable experience. You can choose from a variety of activities such as going to the movies, dining out, exploring local attractions, or simply relaxing at home with music and art.
